Naas
Kildare

Summary

Year 3 Software Development Student eager to new challenges and always in competition with the past me. Looking forward to take part in a team of real programmers and would be extremely excited to learn something new and improve my knowledges to become a better programmer.

Experience

I worked as a delivery driver for 2 years, worked in Dunnes store as a Christmas Sales Assistant for 2 months, finished courses on Udemy on "Agile Training, ITIL" all my programming experience can be found on my GitHub repositories.

- Built a script using (Batch language .bat)
- Took part of a team project, called "Bank System" a project where we used (HTML, CSS, JavaScript, PHP, and MySQL to create a website for bank workers)
- Created a GUI interface application for an online store using Java Swing and MySQL at the beginning of the project I used JavaFX then changed to Java Swing because I was asked to do so.
- Built a simple text game using Easy68K
- Created several easy programs for an Arduino C++
